

## MedScribe Selected by Independent Review Firm as # 1 Ranked Medical Transcription Service

Naples, Fl., (Marketwired - November 1, 2014) – Top Ten Reviews / (<http://www.toptenreviews.com>), an independent and unbiased review firm committed to making complex buying decisions more easy, announced the selection of MedScribe as their “Gold Award” winner for 2015. This selection was made after reviewing multiple service providers in the medical transcription industry and ranking the top ten providers using a scoring matrix based on several service categories. The service categories used to rank each company included: Document Management, Accuracy & Privacy, Dictation Capture Methods, and Transcription Delivery. ([see these rankings here](#))

## About MedScribe:

MedScribe Information Systems has built a solid reputation delivering quality medical documentation solutions to hospitals and physicians on a national scale. By combining the latest advancements in back-end speech understanding with U.S. based medical language specialists, MedScribe delivers on its promise to enrich the content of the electronic health record by allowing dictated physician narrative , enhance documentation integrity , and deliver financial ROI objectives that are backed by MedScribe's speech adoption guarantee.
